

# 'GLOBAL WARMING'

## **National Preach-In and Teach-In** February 10-12, 2012

Interfaith Power & Light is inviting faith leaders to give a sermon or lead a reflection on global warming. Some congregations will host film screenings and discussions. This is the year if your congregation has not had a sermon or educational offering on the topic! Others will run scripture study or youth activities around the topic of global warming.

Sign up now at [www.interfaithpowerandlight.org](http://www.interfaithpowerandlight.org) and you will be sent a variety of resources as soon as they become available:

- Denomination-specific liturgical and thematic notes
- Ready-to-go sample sermons on global warming
- Global warming fact sheet and bulletin insert
- Selected DVDs on request with companion discussion guides

Leading up to the event, participating congregations will receive Valentine's Day postcards to mail in to their representatives, encouraging political leaders to love their neighbors and the Earth by supporting policies that protect the climate and clean air. For more information go to [www.interfaithpowerandlight.org](http://www.interfaithpowerandlight.org).
