

## Greetings to Conferences, Dioceses, Presbyteries and Synods!

Help us let your leaders know about the Western Christian Educators Conference the best and most affordable continuing education opportunity for teachers and ministry leaders who value Christian education at Zephyr Point, Lake Tahoe, October 10-13, 2010. Visit [www.westernceconf.org/](http://www.westernceconf.org/) for current conference information, and-- beginning in May-- online registration.

This is the 15th annual WCE Conference. The theme this year is Generous in Every Way: Growing a Fully Formed Faith, and the leadership team includes Joyce MacKichan Walker as keynote speaker and Victor Floyd as musician and worship leader.

How does a generous faith--as described in 2 Corinthians 9:10-11--grow? What is the church's role in its development? How can the community nurture persons who respond to God's extravagance with generosity in every aspect of their lives? What would such generosity look like and how might it further the reign of God? Reflect on these and other questions at this conference as we worship, pray, learn, and live into being God's fully-formed people, wealthy in every way.

Conference sponsors include **APCE** (Association of Presbyterian Church Educators), **AUCE** (Association of United Church Educators), and **NAECED** (National Association for Episcopal Christian Education Directors).

We appreciate your assistance in spreading the word and The Word!

Blessings,

Julia McCray-Goldsmith and Marcia Walker

## SUGGESTED DIRECTIONS FOR ACTION

To staff preparing packets for next meeting:

If your packets consist of printed materials, please print the flyer from our website.

If you email your materials, please include the version attached here.

If you have no meeting scheduled in the next two months, will you please consider doing a special emailing so the flyer is distributed soon? This is the main communication for this conference. The registration booklet and online registration will be ready in May. At that time, we will follow up with another email and a mailing to your office. Also, this information will be on our web site. Since July 1st is the deadline for early registration, the information needs to get out there so churches will have time to take action.
