“The Church on the Hill”

Although we are a small, older congregation we are striving for younger participation, and have several members who are very active volunteers in the church, local community and missions. We seek to be an active, friendly place that is warm and inviting to visitors and our congregation is encouraged to participate in worship. We strive to be a community of caring people, spreading the gospel of Jesus Christ locally and around the world.

The church has a manse that is available for housing to allow our pastor to participate with the congregation in local community and mission activities and to coordinate and share with other community churches.

#### What we are looking for in a Pastor

As a congregation we would like a compassionate, spiritual individual who is energetic and adaptable to new situations and is willing to join us in the challenge of building our congregation. Ideally the pastor will bring leadership and fresh ideas to the congregation and develop meaningful relationships with the members and with other churches in the community. In our worship service we are looking for a scriptural based sermon that is inspirational, thought provoking, and relates to our everyday life.
